

BRIX CLIMBER

THE UNSTOPPABLE SOLUTION

COMFORTABLE ADJUSTABLE HANDLE

Innovative and ergonomic handle makes the trolley easy to move despite the operator's height

OFF-ROAD

The special extra large wheels allow highly maneuverability even on unpaved soils or external paths

EXTRA LARGE RUBBER WHEELS

Ø 300 mm ideal to go easily up or downstairs with the maximum stability

SAFE

The adjustable handle in a full vertical position allows the trolley to be moved without any risks for the operators

SHOCKPROOF BUMPERS

Protective bumpers to shield wheels from accidental blows

BRIX CLIMBER - an exclusive compact solution equipped with adjustable handle, extra large front wheels, double doors & drawers to store all the cleaning equipment. A trolley able to go up or down stairs in environments where it is required to move the trolley between floors without the needs of elevators or for mezzanine floors.
