

# IPC VERTIPRO SERIES

PROFESSIONAL HIGH REACH CLEANING SYSTEM

**IPC**

BY TENNANT COMPANY

# VERTIPRO FEATURES

Easily clean hard-to-reach areas without the need for ladders or lifts, helping to ensure your high reach surfaces remain dust-free and your gutters remain clog-free, promoting a safer and cleaner work and home environment.

## INDOOR HIGH REACH DUSTING SYSTEM

### POWERFUL VACUUM

This robust motor ensures consistent power, even with the use of high reach poles, allowing users to efficiently remove dust and debris from high places.

### DUAL FILTRATION

The dual filtration process helps to remove dust and fine particles from the air, promoting a cleaner and healthier indoor environment.

### HIGH REACH POLES

Lightweight and durable carbon fiber extension poles provide unmatched flexibility and ease of use, helping to ensure a safe and efficient cleaning process from the ground up.

### INTERCHANGABLE TOOLS

From dusting brushes to precision nozzles, these versatile attachments make it simple to adapt to various surfaces and applications, promoting convenient, effective cleaning.

## OUTDOOR HIGH REACH GUTTER SYSTEM

### TIP & POUR TROLLEY

This user-friendly trolley allows for easy maneuvering and effortless emptying, helping to ensure that professionals can maintain a continuous workflow while managing large volumes of gutter and outdoor debris.

### VACUUM & BLOWER CAPABILITIES

This model offers both vacuum and blower capabilities, making it ideal for removing stubborn debris from gutters and other outdoor surfaces with power and precision.

### HIGH REACH POLES

High reach carbon fiber poles increase the safety of cleaning gutters and elevated exterior surfaces, without the need for ladders or lifts.

### INTERCHANGABLE TOOLS

The interchangeable tools help to ensure comprehensive and effective cleaning for various outdoor conditions and tasks.

## COMPLETE INDOOR/OUTDOOR HIGH REACH CLEANING SYSTEM AVAILABLE

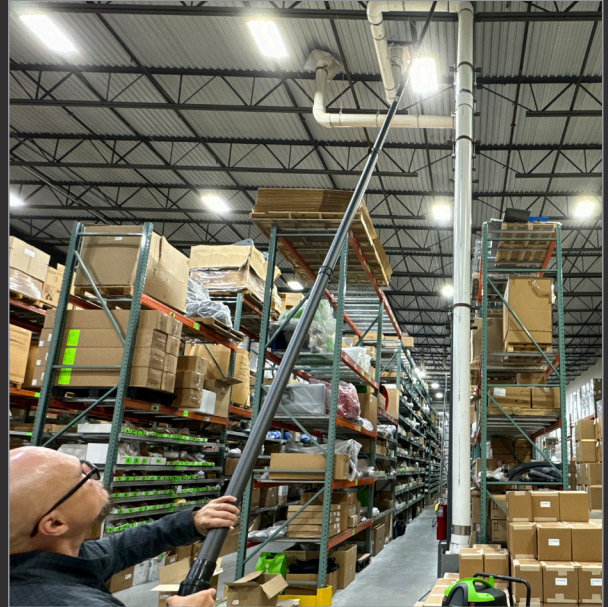

- ▶ GVB290
- ▶ 20 FOOT FLEXIBLE HOSE
- ▶ 35" CARBON FIBER POLE SET
- ▶ SET OF 12 DUSTING AND GUTTER CLEANING ACCESSORIES
- ▶ POLE BAG TO CARRY ALL POLES AND ACCESSORIES

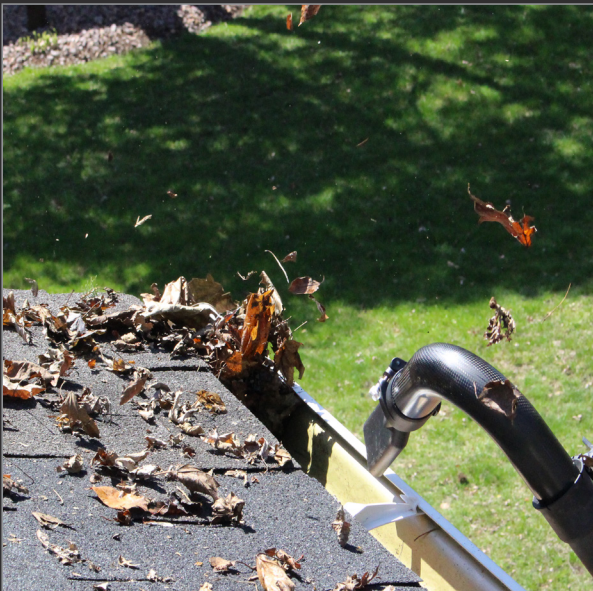

Our carbon fiber friction-fit poles and specialized attachments ensure thorough and safe cleaning, without the need for ladders or lifts.

Keep your HVAC system running optimally. Reach and quickly vacuum dust and debris from air intakes and vents with the VertiPro Indoor High Reach Cleaning System.

Helping to ensure your gutters are doing their job. Clear out leaves and debris with the vacuum and blower capabilities on the VertiPro Outdoor High Reach Cleaning System.

The lightweight carbon fiber poles and versatile cleaning tools on the VertiPro Outdoor High Reach Cleaning System make facility and home maintenance a breeze.

# IPC VERTIPRO INDOOR HIGH REACH DUSTING SYSTEM

The IPC VertiPro Indoor High Reach System is designed with safety in mind for high reach indoor dusting applications, with lightweight carbon fiber poles to clean up to 35'. The vacuum comes equipped with a disposable dust collection bag, a powerful 1000w motor, and dual filtration.
